

PMC

Rays of Hope Monthly Prayers and Praises

May 2019

The PMC (Pregnancy Medical Clinic) is a life-affirming outreach to women in unexpected or unexpectedly difficult pregnancies.

Through the PMC's patient location, *Journey Clinic*, we provide early pregnancy services for women who believe they may be pregnant including:

- Pregnancy tests
- Options education
- Nursing consultations
- 1st Trimester Limited OB ultrasound
- Referrals for pre-natal care and other assistance

(We do not refer for or suggest abortion)

(ALL OF OUR SERVICES ARE FREE)

PO Box 407, Roy, Utah 84067

This month I'm celebrating 20 years at the PMC ministry. Of what I've learned over the years, these three truths might be the most important!

God's work, done in God's way, to God's Glory, will never lack God's supply.

To start, we need to seek God in order to understand what He would have us do. Then, we must get His direction for **how** to do the work. Next, we must always give **Him** all the glory.

When we succeed at each of these, we know that God will supply the needs for His ministry. At the PMC, God's provision comes when we invite people to partner in His work and they decide to send gifts.

Pray, Plan and Act

As one of our former board chairmen urged us to remember; too often we start to act, then solidify a plan, and later pray that God will bless **our** plan. I've come to the firm certainty that the foundation for everything we do **MUST** be prayer. Next, we must listen attentively for GOD's plan. When we keep things in the right order, we can confidently move forward with His plan.

God provides God's team for His work

As a group, God gave us gifts and talents that fit perfectly together for what's needed for His work at the PMC. God moves in people's hearts to get involved in the work, then we help them learn to use those unique gifts and talents in His work. As we work together, we are the Body of Christ.

What a blessing it is to be used by God in His Mighty Work!

Thank you for YOUR partnership in His PMC outreach to women in unexpected or unexpectedly difficult pregnancies.

Upcoming Events:
