

PMC Rays of Hope September 2021

The PMC

(Pregnancy Medical Clinic) is a life-affirming outreach to women in unexpected or unexpectedly difficult pregnancies.

Through the PMC's patient location, **Journey Clinic**, we provide early pregnancy services for women including:

- Pregnancy testing
- Options education
- Nurse consultations
- Limited OB Ultrasounds
- Referrals for prenatal care and other practical assistance

(We don't refer for or suggest abortion)

ALL OF OUR SERVICES ARE FREE TO PATIENTS

Before we start, let's clear up a bit of misinformation that was a concern to some of our PMC partners.

No, the PMC is not requiring employees/volunteers to be COVID vaccinated.

For a variety of reasons, some PMC team members have chosen not to be vaccinated and some have chosen to be vaccinated.

Also, we don't fall under any of the current government vaccine mandates:

- Unlike most medical facilities, we take no government payments for Medicaid or Medicare- (ALL OF SERVICES ARE GIVEN AT NO COST to patients)
- With 5 employees, we obviously don't fall under OSHA's mandate for private employers that requires vaccination/weekly testing in companies with 100 or more employees

We always welcome and are thankful for those who check in with us whenever there is something of concern. Call Tammy anytime at 801-458-9293

Will you join me (on my Birthday!) for the PMC's "Cultivate Hope" online program?

Unfortunately, our party this year will be a virtual one again, but we know our online "Banquet" for Life will be a real blessing to those who will join us (even without the birthday cake!)

I can't wait for you to be blessed by the interview with Steventhen Holland telling how his mother protected his life by running away to keep from being forced to have an abortion.

The story of God's working throughout Steventhen's life is amazing and I'm so excited for you to meet him by joining me as we "Cultivate Hope" together for women like Steventhen's mom.

Still Joyfully Serving Him,
Gwen, Allison, Nicole, Katie & Tammy

Praises:

- For Kirk Walden, our Banquet Emcee who volunteered to drive 2 hours away in order to meet with Steventhen Holland in person to record their interview for our "Cultivate Hope" program
- For a great team of renovation volunteers who have worked nights and early mornings. They just finished our new office and we moved Gwen and the trainees into that new space last week

Prayers:

- For God to send us much needed volunteers to help serve our patients a Journey Clinic:
 - as receptionists and patient advocates
 - as additional medical volunteers who are RNs, RDMSs, PAs, NPs or other mid-level providers
- For God to show us more ways we can reach out with His kindness to bring others HOPE
- For our Banquet for Life (BFL) production team and actors who created 4 great videos that show ways that we have been able to **Cultivate Hope** during the past months of the pandemic. Watch for those in your emails

How can We pray for YOU? Call or message Tammy at 801-458-9293

I'd like to personally invite you to our online Banquet for Life Program

Join us online Saturday October 2nd at 6:45 PM for Cultivate Life, PMC fundraiser

We would like to bless you by bringing you our speaker, Steventhen Holland, whose mother valued his life so much that she ran away to avoid being forced to abort. Steventhen's encouraging story is full of God's mighty work to heal brokenness and to use Steventhen's story to touch the lives of thousands of others.
