Praises and Prayers – November 2021

## The PMC

(Pregnancy Medical Clinic) is a life-affirming outreach to women in unexpected or unexpectedly difficult pregnancies.

Through the PMC's patient location, **Journey Clinic**, we provide early pregnancy services for women including:

- Pregnancy testing
- Options education
- Nurse consultations
- On-site Limited OB Ultrasound
- Referrals for prenatal care and other practical assistance

*(We don't refer for or suggest abortion)*

**ALL OF OUR  
SERVICES ARE  
FREE  
TO PATIENTS**

**Sadly, some women in our area aren't able to find hope for their unexpected pregnancy and they decide that abortion is really their only option.**

**As the culture of abortion changes, (perhaps across the USA in 2022), we will continue to address women's various situations and options in an unexpected pregnancy.**

### Our Current Challenge:

**Nearly 50% of women now are choosing a medication abortion, (RU486– used for up to 11 weeks of pregnancy), rather than having a surgical abortion (usually used for 11+ weeks).**

Last year the requirement to see a provider IN PERSON before receiving the abortion pill was temporarily waived because of COVID. There is a push to allow women to again receive the abortion pill by mail without seeing a provider (effectively negating a state's abortion laws).

*(Utah's law now allows abortion through 20 weeks, a new 2019 law banning abortion after 18 weeks is currently held up in court).*

Even if current national court cases result in a change in the laws, the ability to obtain the abortion pill online may **side step** those new laws, and our outreach of HOPE will be needed more than ever.

**PLEASE PRAY:** As we adapt to the challenge of keeping our services pertinent to women considering abortion, PLEASE PRAY FOR ADDITIONAL VOLUNTEERS AND EMPLOYEES TO SERVE PATIENTS AT THE PMC.

**Still Joyfully Serving Him,  
Gwen, Allison, Nicole, Katie & Tammy**

### Praises:

- For God pouring out gifts to **meet the \$75,000 in order to** gain the match of \$75,000 that will go toward paying down the mortgage for our building
- For us **meeting and exceeding our \$300,000 banquet goal** that gives us a substantial portion of the funds for the coming year's ministry
- For a new volunteer nurse who will begin her training soon

### Prayers:

Because we don't currently have an ultrasound nurse, we are **only able to refer** our patients to Salt Lake, Park City, or Brigham City to get a free Ultrasound. Many women are calling interested in having an ultrasound, but aren't interested in coming for an appointment without that service being available.

Please pray:

- For God to provide us a nurse who is already familiar with doing ultrasound exams or is qualified to be trained to do them (Training provided)
- For an MD or DO to read our ultrasound exams for us (training provided)
- For additional medical volunteers who are RNs, RDMSs, PAs, NPs, or other mid-level providers to help us to have a full staff again soon
